THE VIBE

“Dubai has a multi-cultural seasoning with beautiful people living here. I enjoy all facets of the nightlife. As a music artist I know there are so many great places to go out at night in Dubai and soon you will come across my event called “T.O.N.Y.”, at the beautiful Movenpick Hotel in Bur Dubai. There are a wide variety of themes going in bars like Zinc and Chi @ The Lodge. Boudoir in Dubai marine is fun and vibrant and has reached the international club level. Even Malecon has a good salsa night. I enjoy listening to Afroboogie of peppermint club for his choice of music. There’s also Buddha Bar, which is again on a different level for lounging. Dubai is all about socialising and going to the hot spots. Socialising is so intense here, that it has the same energy as dancing.”
